No misgivings about running everyone together

SITLA permit

Track may change because of the WORCs race – Berms etc.

Hope to have the track changes by Thursday AM

The internet is not that good there

### Course cutting

No turning back on the course

Self- identify – Need to be honest, add a penalty

If you are going to cut course, go race with someone else

In the future

We are tracking the times at check points and at the Start Finish

Lots of zig zags open us to the possibility

Cover it in the **Driver's meeting**

We need to push for satellite tracking - YouTube

Re-think the cutting course course of action – Don't go backwards on the course. Safety concern

Push the data to a web browser and come in to the modern age

Jim and James are working on satellite/GPS and come up with a plan

Ben Boyack will work on it also

### Registration Process Updates
