Wendover Update

October 2024
We need to find an environmental consultant that is experienced with NEPA

We will submit a primary and alternate route for the race map
Has to be by the book.

Huntington

Talked with Ken Kirkwood (USRA)
They hold races at the fairgrounds on a 10 – 13 mile loop
Had noise and dust complaints when they ran Side by Sides.
A more likely scenario would on BLM and SITLA land East of HWY 10 and South of 6th if the Board decides that is race we want to pursue for 2024.

Vernal Update

First week of October 2023 is a possibility (October 7th)
We might be able to go North
Talked with Madi Maynard
Would have to work around the dragstrip, incorporate the oval track
 Fun going on the oval
 Spectator friendly and locals show up
Good side by side racing
We did 2 heats with the big cars
Maybe make it a side by side only event; Maybe draw in USRA
 BlackRock Reaper Race happening? – Will find out about
 They had 4 side x sides – Rossbergs
Put out on FB to see if there is enough interest
17 miles inside the park - Was 8 laps for 136 miles
Maybe make it a two day race – Saturday and Sunday
 Day tow start where you finished

Dropbox Access

Board has access to the BOR Dropbox

Registration Updates

Two people

Salt Lake Off Road Expo – Would need a couple people

Not sure if it was worth it: We agreed it wasn't worth it

If it was free it would be worth it

Is there another event?

Lots of people are leaving BITD for Legacy. Maybe it is a good time to market to that group

Better way on accounting; collecting fees. - James
